9		Patrol Box	Sanitize	Wash	Cook	Waterman

Description of Responsibilities

Waterman: Fills water jugs before meal. Fills large pot of water for cleanup and sets near the stove. Sets up cleaning stations.

Cook: Prepares the meal. Puts on cleanup water as soon as cooking is done. Serves guests, then the patrol, then themselves.

Trash: Cleans up all trash in patrol area. (Also does Scrape duties for patrols with fewer than 10 scouts.)

Scrape: Scrapes leftover food off dishes into trash before they are washed.

Wash: Washes dishes in warm, soapy water. Places them in Rinse bucket.

Rinse: Rinse dishes in cold water. Makes sure all soap is off dishes and places them in Sanitize Bucket.

Sanitize: Leaves dishes in HOT water with Bleach for at least 10 seconds, takes them out and puts them away when dry.

Put Dishes Away: Puts dishes away once they are dry. (In most patrols, this will be done by Sanitize.)

Stove: Cleans off stove and closes it up until the next meal.

Patrol Box: Cleans patrol box. Makes sure all items used for the meal get put back in the patrol box and unused food is put away.
